NO MONEY FOR HIGHER SALARIES

Two Applications to Be Considered—Improvements and Flag Poles Needed at Several Buildings—A Short Session by Lamp Light Last Night.

Last night's meeting of the board of education was the briefest session yet held by the new body. There were no matters of especial importance to be acted upon, and the discussions of the evening were devoted principally to the receiving and disposition of reports of appointed committees.

The meeting was called to order by President McGraw at 8:20, with only six members present, Members Stevenson, Mrs. Whitehead and Vordrey being the absentees, the latter dropping in about the middle of the session. Mrs. Whitehead, of course, was unavoidably absent by reason of being out of the city. Mr. McClain was called upon, and responded with the opening prayer. The room was not as well lighted as usual, owing to the fact that the incandescent lights were turned off, pending an investigation into those self-acting meters in the Central building, that possess such a peculiar penchant for registering more than double the amount of electricity consumed in the building. Until this matter can be properly adjusted the board will use a common lamp.

The minutes of the former meeting were read and adopted, and then the privilege of the floor was granted Miss Flo Updegraff, the principal of the high school, who was present, and wished to address the board on the salary question. She said that Miss McVey and herself desired that their salaries be increased, and in explanation stated that, although she realized the board were rather short of funds at present, she considered that herself and Miss McVey were justly entitled to an advance, and asked that she receive \$1,000 and Miss McVey \$700 per annum. Mr. Nickle wished to know if Miss McVey and herself would remain another year if their salaries were unchanged, and Miss Updegraff replied that she would; but with a feeling of reluctance. The principal was then told that her request would be given consideration, and settled at some other time. Unfinished business was then taken up, and Mr. Nickle reported that he had made a partial investigation into the Unionist bill, but as it was incomplete, would ask to be continued. This was agreed to. The light committee did not have a full report to make, and they were continued. Clerk Norris explained that he had seen the superintendent of the light plant in regard to the discounting of the light bill, but that the matter had not been attended to yet. Mr. McClain stated that he and Mr. Stevenson had, according to instructions, divided the city into two districts for the enumerators, who will soon commence to take the school census. The first and second comprises one district, and the third and fourth the other. The enumerators were also assigned to their respective wards. The report of standing committees, who were appointed to visit the schools and see what improvements were needed, was not discussed. The clerk stated the requirements of the West End school were very small, contrary to reports that had been sent out. A few repairs were needed and some slight alteration made in the sanitary arrangements of the building. Mr. Nickle announced that the Third street school house was in splendid condition, and needed very few repairs. Mr. McClain drew attention to a defective condition in the Fourth street building. In the winter pipes between the floors from the closets would freeze and burst, and be unfit for service. He recommended that packing be placed between the floors to do away with this difficulty. A few minor details that should be looked after were made known to the board. President McGraw spoke of the wretched condition of Trentvale school. The building had not been cleaned, papered or painted since it was built. He thought this condition should be remedied, and that a fence should be placed around the school yard. The entire cost to make these improvements, the president thought, would amount to \$300. Flag poles were also needed at that school and Gardendale. As all the committees were not present, it was decided to continue those who had made reports. It was also suggested that the fence around the Fourth street building be repainted. The following bills were then read by the clerk: Miss Flo Updegraff, for services as librarian, \$90; Crisis, printing, \$29.30; Andy Rattray,

\$21. The first two bills were ordered paid, after some discussion, and the last one was referred to a committee for investigation. Two little innocent slips of paper were then produced by Clerk Norris and read. They were notes from the Potters' and First National banks of the city, politely reminding the board that the sum of \$3,250 interest, due to each bank, would soon mature, and that during the period between June 28 and July 1, was the time to pay up. Action was deferred until next meeting. It was also decided that the matter of accepting bills for work done about the schools be left in the hands of the committee having in charge the buildings. Mr. Vordrey, who came in late, and was not present when the reports of committees were being made, called attention to the condition of Gardendale school, and said it needed papering and that a sewerpipe should be placed underneath the building, as the foundation was in danger of being loosened by a flow that passed through there. Grant street school also needed a sewer, and a committee will visit that school tonight to make arrangements for the improvement. The meeting then adjourned.

STOLEN SHOES.

A Smart Thief Got Away With Several Pairs.

Last night when Mr. Salmon, manager of the J. B. Burgess store, returned from supper, his attention was called by Andy Watson to two empty shoe boxes displayed in front of the place. Mr. Salmon looked the matter up, and discovered that somebody had walked off with two pairs of men's shoes. This is not the first time goods have been taken from the front of the store, as on the opening night five parasols were stolen, and last Saturday night a bolt of lace was taken. There is absolutely no clue to the thieves, but the authorities will be notified to keep a sharp lookout for the guilty parties.

COUNCIL TONIGHT.

Numerous Reports Will Be Read and the Billingsley Case Disposed Of.

From all indications council will hold an interesting session tonight, as there is a great deal of business to be transacted. The wharf committee will have their long delayed report ready, and what is to be done with the Billingsley damage cases will have to be settled. A report in regard to the damage claims of Werner and Georgiana Pickal will also be read, and if Councilman Stewart makes his motion to give the people a chance to vote on the erection of a new light plant council will have its hands full.

WANTS TO FIGHT.

Denver Smith Is Ready For a Battle For \$10,000 a Side.

East Liverpool sports are today discussing Denver Smith, the pugilist who formerly resided in this city and is well known here. Smith has found a backer in the person of J. H. Hildebrandt, of Johannesburg, South Africa, and is looking for a fight for \$10,000 a side, the battle to take place in South Africa. Corbett and Fitzsimmons have been challenged, and if they refuse he will claim the championship of the world, and defend it against all comers.

A CURIOUS COIN.

It is Made of Copper, But has the Marks of a Half Dollar.

Daniel Clark, who resides between this city and Wellsville, has in his possession a curious coin. To all appearances it is a 50 cent piece of 1823, the marks showing as plainly as upon a silver coin of that date. Instead of being made of silver the coin is copper, and at a first glance would be taken for an old cent. Mr. Clark has had the coin for many years, and has refused \$20 for it.

SOLD THE COLLEGE.

The Ohio Valley Passes Into the Hands of Strangers.

W. F. Steele yesterday afternoon sold the Ohio Valley Business college to J. S. Cooper and C. S. Hart. Mr. Cooper was, until recently, the secretary of the New Castle Business university, and Mr. Hart has been a professor in the local institution for several months, but is now at the Zanerian Art college in Columbus. Mr. Steele will remain in the city, and will likely accept one of several offers.

SOME IMPROVEMENTS.

Wharfmaster Lloyd Has Been Housecleaning.

Wharfmaster Lloyd has a force at work making needed improvements at the wharf. Old sewer pipes that had ceased to be of use were replaced by good material, and a lot of old timbers hauled away. The wharfmaster has had trouble more than a little with the sewer, and thinks iron pipe would be the right thing to use at that point.

RIPE OLD AGE.

A Quartette of Sisters Celebrate a Birth-day Occasion.

Mrs. Olive B. Silliman, of Chester, West Virginia, yesterday celebrated her 85th birthday, at the residence of her daughter, Mrs. Ruth E. McLane. There were four sisters present, Mrs. Roxy Ann Taylor, of East Liverpool, 87 years; Mrs. Olive B. Silliman, Chester, 85 years; Mrs. Mary N. McMillen, East Liverpool, 79 years, and Mrs. E. J. Mackey, of Port Homer, 73 years, an average of over 81 years for the members of this striking quartette. For years past, these four sisters have celebrated the birthdays of each other, and the occasions have been very pleasing, they gathering around them a few chosen friends and indulging in reminiscences of the days of Auld Lang Syne. Yesterday's gathering was indeed a pleasing one, and those who were honored with an invitation thereto will long remember it with pleasure. Rev. R. B. Whitehead, of the Methodist Protestant church, was present, and called down the blessings of the Master upon the life of the aged Christian ladies.

Mrs. Ruth McLane, as hostess, was pronounced a brilliant success, and the assembled guests took their departure in the evening highly gratified, each expressing the wish that they may be so fortunate as to again be called together on future occasions of a like nature.

WILL REINSTATE THEM.

Local Wheelmen Were Suspended on Error.

When W. L. Taylor, the local consul of the League of American Wheelmen received word that several of the bicycle riders had been suspended for competing in unsanctioned races, he at once wrote to E. H. Croning, state consul, protesting against such action in vigorous terms. Last night he received word from the state consul to the effect that the suspensions were made owing to a mistake, and that if the suspended parties would write him he would see that they were reinstated at once. Some of the boys will write him, but the majority do not care, and will let their suspension run out.

FELL FROM A SCAFFOLD.

A Painter Sustained Painful Injuries Yesterday.

While at work hanging paper in a house on Calcutta road yesterday William Chamberlin, a painter, also a resident of that thoroughfare, received a bad fall, and consequently will be laid up for some time. He was standing on a scaffold when it collapsed, and its occupant was precipitated to the floor, receiving a number of bruises about the head and limbs. Although not seriously hurt, Mr. Chamberlin's injuries are of an extremely painful nature.

THEY KNOW MACKENZIE.

Beaver Falls People Would Like Well to See Him.

The Beaver Star in mentioning the financial troubles of Harry MacKenzie, late photographer of this city, has the following: "Quite a number of Beaver Falls restaurant and newspaper people would like to see MacKenzie for bills for grub, advertising, etc., contracted when he ran a photograph gallery in that place."

To Dismiss the Bond.

When the case of Luella Mackintosh against Thomas G. Stewart was called yesterday, a motion was made by the defendant's attorney that the bond be stricken from the files on the grounds that there was no longer any obligation on it, the case not having been tried or continued at the term of court in which the bond was recognized. The matter was taken under advisement by Judge Smith.

Returned Home.

Clay Gould and wife and the latter's sister, Miss Belle Stewart, arrived home yesterday, after a 10-days' trip to Mexico, Mo. The party also stopped off at St. Louis to view the devastation caused by the recent disastrous storms.

Brunt's Will Close Down.

William Brunt & Son's pottery will close down tomorrow for the summer vacation. The plant was idle for a long period, and only resumed operations a few weeks ago. It is not known how long the shutdown will last.

Important Work.

The surveying corps of the bridge company were at work this afternoon on Third and Cook streets obtaining data before preparing specifications for the construction of the electric line to the bridge.

THE BOARD STILL BUSY

More Improvements Recommended Last Night.

WORK NOT YET COMMENCED

The City is Unusually Late in Starting. Money is Very Scarce—Avondale Street Again Comes to the Surface—The Culvert Over Tanyard Run.

The board of improvement keeps right on recommending the improvement of numerous streets to council, and just as regularly will they be turned down if council regards the report of the finance committee.

Before the last meeting of the board it was estimated that they had recommended more improvements than council would get finished this year, and it begins to look as though this is a fact, for here it is almost the first of July, and not a stroke of work has been done on any of the improvements which are supposed to be finished by fall. If work is not started soon on some of the sidewalks ordered there will be the same trouble that was experienced on Calcutta road last winter, because the contractor is not given time to finish the job before winter sets in.

Every member was present at the meeting of the board last night, and a very short session was held. A resolution to place a sewer on Ravine street, from Bradshaw avenue to Fountain street, was passed without comment, as was the resolution recommending the improvement of Avondale, from Bradshaw avenue to Bank street, to be proceeded with in accordance with the resolution passed June 9. The next, a resolution to grade and pave the sidewalks and gutters of Lincoln avenue from Grant street to Odgen street, was passed, but not until Kent had explained that the water ran down the middle of the road at present until there is a gutter 10 feet deep in some places in the center of the roadway.

Cuthbert presented a petition, signed by several persons, asking that a culvert be placed on the street between West Market street and Green lane, as the bridge at that point is in a dangerous condition. Some of the members didn't seem to know where this point was located, and it was explained that the culvert asked meant the continuation of the one now over Tanyard run on West Market street.

Kent said he didn't think it was necessary for the board to make any more recommendations to improve where the city's money was involved. Engineer George said the residents should petition to improve the street, and place the culvert in the improvement. The petition was then received, and after talking about when they would view High street, East End, the board adjourned.

LICENSE FOR SHANTY BOATS.

They Must Pay or Move to the West Virginia Side.

The owners and occupants of shanty boats must pay for their homes on the Ohio or move over to West Virginia. This is in accordance with a law passed by the last legislature, and making the license \$10, with a fee of \$2 for the probable judge. Failure to comply with the law means a fine of not less than \$25 nor more than \$100. The court must also have satisfactory proof of good character before the license is issued.

BY NO MEANS DEAD.

The Canton and East Liverpool Road is Only Sleeping.

It was learned today that the Canton and East Liverpool road is by no means a dead institution, and the prospects for its construction were just now as good as at any time in its history. Just why this assertion should be made no one seems to know, but it was made, and in all probability means something. Indications at present point to some important movement on this line before a great length of time.

Meredith's Pigeon Won.

The homing race from Chicago to this city was won by a pigeon owned by George Meredith, Jr. The birds were shipped to the starting point of the race last Friday, and were liberated Sunday morning. The winning bird arrived here this morning. The distance would have been made in less time, but a number of storms were encountered along the route, serving to impede the progress of the birds.

Elected a Delegate.

Charles Danberg has been elected delegate to the National convention of American Flint Glassworkers, to be held at Alton, Ill., July 6, by local union, 83.

RIPE OLD AGE.

A Quartette of Sisters Celebrate a Birthday Occasion.

Mrs. Olive B. Silliman, of Chester, West Virginia, yesterday celebrated her 85th birthday, at the residence of her daughter, Mrs. Ruth E. McLane. There were four sisters present, Mrs. Roxy Ann Taylor, of East Liverpool, 87 years; Mrs. Olive B. Silliman, Chester, 85 years; Mrs. Mary N. McMillen, East Liverpool, 79 years, and Mrs. E. J. Mackey, of Port Homer, 73 years, an average of over 81 years for the members of this striking quartette. For years past, these four sisters have celebrated the birthdays of each other, and the occasions have been very pleasing, they gathering around them a few chosen friends and indulging in reminiscences of the days of Auld Lang Syne. Yesterday's gathering was indeed a pleasing one, and those who were honored with an invitation thereto will long remember it with pleasure. Rev. R. B. Whitehead, of the Methodist Protestant church, was present, and called down the blessings of the Master upon the life of the aged Christian ladies.

Mrs. Ruth McLane, as hostess, was pronounced a brilliant success, and the assembled guests took their departure in the evening highly gratified, each expressing the wish that they may be so fortunate as to again be called together on future occasions of a like nature.

WILL REINSTATE THEM.

Local Wheelmen Were Suspended on Error.

When W. L. Taylor, the local consul of the League of American Wheelmen received word that several of the bicycle riders had been suspended for competing in unsanctioned races, he at once wrote to E. H. Croning, state consul, protesting against such action in vigorous terms. Last night he received word from the state consul to the effect that the suspensions were made owing to a mistake, and that if the suspended parties would write him he would see that they were reinstated at once. Some of the boys will write him, but the majority do not care, and will let their suspension run out.

FELL FROM A SCAFFOLD.

A Painter Sustained Painful Injuries Yesterday.

While at work hanging paper in a house on Calcutta road yesterday William Chamberlin, a painter, also a resident of that thoroughfare, received a bad fall, and consequently will be laid up for some time. He was standing on a scaffold when it collapsed, and its occupant was precipitated to the floor, receiving a number of bruises about the head and limbs. Although not seriously hurt, Mr. Chamberlin's injuries are of an extremely painful nature.

THEY KNOW MACKENZIE.

Beaver Falls People Would Like Well to See Him.

The Beaver Star in mentioning the financial troubles of Harry MacKenzie, late photographer of this city, has the following: "Quite a number of Beaver Falls restaurant and newspaper people would like to see MacKenzie for bills for grub, advertising, etc., contracted when he ran a photograph gallery in that place."

TO DISMISS THE BOND.

When the case of Luella Mackintosh against Thomas G. Stewart was called yesterday, a motion was made by the defendant's attorney that the bond be stricken from the files on the grounds that there was no longer any obligation on it, the case not having been tried or continued at the term of court in which the bond was recognized. The matter was taken under advisement by Judge Smith.

Returned Home.

Clay Gould and wife and the latter's sister, Miss Belle Stewart, arrived home yesterday, after a 10-days' trip to Mexico, Mo. The party also stopped off at St. Louis to view the devastation caused by the recent disastrous storms.

Brunt's Will Close Down.

William Brunt & Son's pottery will close down tomorrow for the summer vacation. The plant was idle for a long period, and only resumed operations a few weeks ago. It is not known how long the shutdown will last.

Important Work.

The surveying corps of the bridge company were at work this afternoon on Third and Cook streets obtaining data before preparing specifications for the construction of the electric line to the bridge.

THE BOARD STILL BUSY

More Improvements Recommended Last Night.

WORK NOT YET COMMENCED

The City is Unusually Late in Starting. Money is Very Scarce—Avondale Street Again Comes to the Surface—The Culvert Over Tanyard Run.

The board of improvement keeps right on recommending the improvement of numerous streets to council, and just as regularly will they be turned down if council regards the report of the finance committee.

Before the last meeting of the board it was estimated that they had recommended more improvements than council would get finished this year, and it begins to look as though this is a fact, for here it is almost the first of July, and not a stroke of work has been done on any of the improvements which are supposed to be finished by fall. If work is not started soon on some of the side-walks ordered there will be the same trouble that was experienced on Calcutta road last winter, because the contractor is not given time to finish the job before winter sets in.

Every member was present at the meeting of the board last night, and a very short session was held. A resolution to place a sewer on Ravine street, from Bradshaw avenue to Fountain street, was passed without comment, as was the resolution recommending the improvement of Avondale, from Bradshaw avenue to Bank street, to be proceeded with in accordance with the resolution passed June 9. The next, a resolution to grade and pave the sidewalks and gutters of Lincoln avenue from Grant street to Odgen street, was passed, but not until Kent had explained that the water ran down the middle of the road at present until there is a gutter 10 feet deep in some places in the center of the roadway.

Cuthbert presented a petition, signed by several persons, asking that a culvert be placed on the street between West Market street and Green lane, as the bridge at that point is in a dangerous condition. Some of the members didn't seem to know where this point was located, and it was explained that the culvert asked meant the continuation of the one now over Tanyard run on West Market street.

Kent said he didn't think it was necessary for the board to make any more recommendations to improve where the city's money was involved. Engineer George said the residents should petition to improve the street, and place the culvert in the improvement. The petition was then received, and after talking about when they would view High street, East End, the board adjourned.

LICENSE FOR SHANTY BOATS.

They Must Pay or Move to the West Virginia Side.

The owners and occupants of shanty boats must pay for their homes on the Ohio or move over to West Virginia. This is in accordance with a law passed by the last legislature, and making the license \$10, with a fee of \$2 for the probable jail. Failure to comply with the law means a fine of not less than \$25 nor more than \$100. The court must also have satisfactory proof of good character before the license is issued.

BY NO MEANS DEAD.

The Canton and East Liverpool Road is Only Sleeping.

It was learned today that the Canton and East Liverpool road is by no means a dead institution, and the prospects for its construction were just now as good as at any time in its history. Just why this assertion should be made no one seems to know, but it was made, and in all probability means something. Indications at present point to some important movement on this line before a great length of time.

Meredith's Pigeon Won.

The homing race from Chicago to this city was won by a pigeon owned by George Meredith, Jr. The birds were shipped to the starting point of the race last Friday, and were liberated Sunday morning. The winning bird arrived here this morning. The distance would have been made in less time, but a number of storms were encountered along the route, serving to impede the progress of the birds.

MR. TELLER is a popular man among Populists.

LET us see. Isn't there a Democratic state convention being held somewhere in Ohio today?

BUSINESS will be better. The people who buy can already see prosperity approaching, and are governing themselves accordingly.

IF Mr. Cleveland expects to count for anything more than an ordinary man in the coming campaign, he should be making a grandstand play on the Cuban question, since that is all he has left.

THE Hon. David B. Hill continues to declare that he is a Democrat in spite of the position of his party. It is indeed a wise man who can say that he is a Democrat and yet know what he means when saying it.

THE TARIFF TO THE FRONT.

While there are some men in this community who look upon the free coinage of silver as the only cure for their financial ills, the great majority of thinkers, those who have given the matter a sober second thought, place the cause where it justly belongs—at the door of tariff reform. The panic was the result of the Democratic threat to reduce duties on imports. Grover Cleveland was elected on a platform which meant the death of the McKinley law. The people expected a revised tariff or no tariff, and when they discovered what they had done in voting for it, the hard times were upon them. The NEWS REVIEW has no desire to belittle the importance of the money question, nor does it believe that the Republican party did aught but right in demanding the gold standard; but it does believe that the tariff matter should be forced to the front. That is where the tariff question belongs. It should be first in the mind of the average voter. To him it means good wages and good government. Without it he will be as he has these past few years, like a reed shaken by the storm. The Democrats have taught America a lesson, one which will not be forgotten now that it has cost so much. There may be no reenactment of the McKinley bill, but the people want some change that will give them ample protection against the cheap goods and cheap labor of foreign lands. With ample opportunity to earn an honest dollar they will soon return prosperity to the land. William McKinley is the champion of protection, the greatest living exponent of that principle. He is the leader, and it is nothing more than justice to him and to the people that protection to home industry be made the leading watchword of the campaign.

GEN. LEE IS HORRIFIED.

He Has Evidence of Terrible Spanish Barbarities.

LAWS OF MODERN WAR IGNORED.

The Consul General Writes a Letter to a Relative—The Insurgents Practically Control the Island—He Has Made No Report to the State Department.

WASHINGTON, June 23.—A very interesting letter has been received by a relative from General Lee. It was written on the 21st and deals pretty fully with Cuban affairs. The Spanish authorities, the general says, have treated him with great courtesy.

Of the Spanish troops, he says, they are fairly well drilled, but under a system of tactics and manual totally different from any the general had ever seen.

As to the insurgents they practically have control of the island. He believes the entire native population is in sympathy with them.

As to the inhumanity of the Spanish commanders General Lee expresses himself in the plainest terms.

"They do not regard the laws of modern war, nor the usages customary among civilized nations at all," he says.

"From every quarter there is the same testimony concerning the barbarities of the Spanish soldiers. Some of the evidence I have heard would be beyond belief did I not know it to be most reliable. Violations of women, the plunder of inoffensive citizens, murder and every form of rapine is the invariable story."

General Lee doubts if peace could be made now short of a basis of absolute independence and freedom from Spanish control.

NO REPORT FROM LEE.

The State Department Will Continue a Waiting Attitude.

WASHINGTON, June 23.—The state department adopted its present line of waiting policy respecting the Cuban revolt after obtaining the best evidence in its reach and there is no reason to apprehend that events have occurred on the island recently of sufficient importance to warrant a radical departure. General Lee has been in Cuba only 20 days and even with his military training it is believed that he can scarcely have arrived at a conclusion as to the status of the revolt upon which he is willing to risk his reputation, but, however this may be, it is certain that the state department will not make a change in its policy without mature consideration, and does not expect it can be stated positively, to receive any report from General Lee that would require it at this time to make an issue.

This disposes of the story that General Lee had made a report favorable to the insurgents' cause.

A NEW MOTIVE POWER.

Dewey Pronounces a Hot Water Motor a Success.

NEW YORK, June 23.—Chauncey M. Dewey states that final experiments will be made this week with a hot water motor, which certain officials of the New York Central railroad who have the matter under their supervision confidently believe will revolutionize traffic on railroads.

"I expect soon to have a report of these experiments which have been going on for over a year," said Mr. Dewey, "and until then I can say nothing further, except that I hear that the experiments have been highly successful. Should the new motor prove to be the success predicted for it, it will probably be first used in the suburban traffic on the Grand Central."

The great merit of the new motor is said to be its cheapness. The new power is hot water under enormous pressure, stored in supply boilers, and then charged under the same pressure in the battery cylinders of the motor.

Fighting in South Africa.

BULWYAY, June 23.—A patrol of 23 of the Horse guards bringing in women and children in an armored mule wagon has had a desperate fight with the rebellious natives near Salisbury. Seven of the patrol were killed and four were wounded.

Widow's Daughter Divorced.

ST. LOUIS, June 23.—Judge Vaillant has granted a divorce to Florence Lillian Wickes Ford, daughter of Thomas H. Wickes, vice president of the Pullman Palace Car company, from George Oliver Ford.

Jockey and Horse Dead.

FORSYTH, Ind., June 23.—An accident occurred in the first race which resulted in the death of jockey Hatcher and of Little Jimmy, the horse he was riding.

A Serious Conflict.

BELGRADE, June 23.—A serious conflict has taken place between Serbian officials and Montenegrins at Kusanija. Several persons were killed and wounded on both sides.

Photographers at Chautauqua.

JAMESTOWN, N. Y., June 23.—Probably 1,000 people have assembled at Colerons, on Chautauqua lake, to attend the annual convention of the Photographers' Association of America.

International Sunday School Convention.

BOSTON, June 23.—Many delegates from all parts of the United States and Canada are here attending the international Sunday school convention which opened here this morning.

Joined the Broad Guages.

LITTLE ROCK, June 23.—The prohibitionists of Arkansas have severed their connection with the "Narrow Gauge" prohibitionists and joined the "Broad Gauge" National party.

A City Councilman Sentenced.

MEMPHIS, June 23.—City Councilman Alf T. Hayden, charged with bribery, has been found guilty and sentenced to 11 months and 29 days in the workhouse and to pay a fine of \$10.

DETECTIVE FOR THE PEN.

Warden Coffin Picks Up a New Idea While in the East.

COLUMBUS, June 23.—Warden Coffin of the Ohio penitentiary since his recent visit to Sing Sing prison, in New York, has conceived the idea of having a prison detective appointed for this state, the same as they have at Sing Sing. It was at first thought the appointment of such an official could be made only under a special act of the legislature, but the warden has been informed by competent authority that he has the power to make such an appointment.

The duty of a prison detective is to mingle with the convicts and become thoroughly familiar with their features so that in case of an escape he will be better able to act intelligently in effecting their capture. The knowledge gained by the detective through contact with the prisoner will also be of assistance to that official in detecting criminals who have served time in the prison. The name of no one has yet been suggested for the position, but there will, no doubt, be a large number of applicants when it is known such a place is to be created.

THE MYSTIC SHRINERS.

Annual Session of the Council Being Held in Cleveland.

CLEVELAND, June 23.—Seven or eight hundred delegates and as many more members of the Ancient and Accepted Order of Nobles of the Mystic Shrine are attending the annual session of the Imperial council which began in the Masonic Temple today. A fine program of entertainment is being arranged, and the visiting Nobles will have cause to long remember the Cleveland meeting. Murat Temple of Indianapolis is here almost in a body. It has fitted up fine headquarters, and is entertaining lavishly and booming John T. Brush, the baseball magnate for imperial potentate.

Sixty members of Syrian Temple of Cincinnati have opened headquarters, and are receiving in a royal manner to help augment the glory of the state of Ohio. Pittsburgh has 150 men here and is entertaining handsomely. So are 150 Nobles from Detroit, who want the next annual meeting of the council for their city.

The Court Made a Mistake.

COLUMBUS, June 23.—A mistake was made in announcing the decision of the supreme court in the case of the act of last winter abolishing a Darke county special school district, which was given out two weeks ago. The mistake was made by the court. It showed that the court had set aside the law repealing the act establishing the special district. The fact is that the decision holds the repealing statute valid, and restrains the old board of directors from taking any part in the management of the schools. The mistake was corrected.

Great Danger of a Lynching.

PINDLAY, O., June 23.—An armed posse of 150 men, near Deshler, O., has captured three men believed to be the men who in attempting to rob the North Baltimore postoffice killed Night Watchman Jesse Baker. One suspect was taken to North Baltimore and two to Bowling Green. There is great danger of a lynching. They refuse to give their names.

Tried to Wreck a Train.

NORWALK, O., June 23.—An unsuccessful attempt has been made to wreck the Pacific express on the Lake Shore road, at a bridge one mile west of here. Three ties were placed in such a position that when struck by the engine they would tear up the track. A man discovered the obstruction just in time to prevent a wreck and gave the alarm. Three men were arrested on suspicion and are now in jail.

Will Open This Week.

DAYTON, O., June 23.—The Dayton Traction company will open its electric line between this city and Miamisburg for traffic some time the coming week. The road will be part of the system which ultimately will extend to Cincinnati. The line throughout is thoroughly equipped with the latest and most approved machinery, appliances and rolling stock, and will represent the present advanced state of the art of electric railways.

Knights of St. John.

DAYTON, O., June 23.—Arrangements are completed for the Knights of John convention, which begins here tomorrow. Owing to the fact that a number of railroads refused to give reduced rates, the attendance will not be as large as originally expected. At least 75 commanderies have signified their intention to participate, and the street parade will be one of the finest ever witnessed in this city.

Seized the Wire and Was Killed.

TOLEDO, June 23.—Louis David, while going home with a couple of friends, came to a place where two live wires had crossed and burned. One end hung within reach, and a policeman who was on guard warned the boys of the danger. In a spirit of bravado David caught the wire and was instantly killed. The dead man was about 30 years of age.

Ex Senator Ohl's Trial.

COLUMBUS, June 23.—The trial of ex-Senator Lemuel C. Ohl of Mahoning county, on the charge of connection with the alleged bribery transactions of the legislature, has commenced. A large number of witnesses have been summoned, and it is expected the trial will continue several days.

Romulus Cottell on Trial.

AKRON, O., June 23.—The trial of Romulus Cottell, the young farm hand who murdered Mr. and Mrs. Alvin Stone and Ira Stillson at Tallmadge early in the spring, has begun here. The work of impugning a jury may consume several days.

Oberlin's President Resigns.

OVERLIN, O., June 23.—President W. G. Ballantine of Oberlin college has resigned and his resignation was accepted by the faculty.

An Ex-Actor Killed.

NEWARK, N. J., June 23.—James MacCreedy, formerly an actor, well known in the west, but who for the past five years has kept the Hilton hotel here, has been instantly killed in a runaway accident.

MATTHEWS AND SILVER.

What the Indiana Democratic Convention Will Do This Week.

INDIANAPOLIS, June 23.—The Democrats of Indiana are gathering in great numbers for the state convention which will be held tomorrow. It is probable that two days will be devoted to the convention. Free silver will carry the convention and the platform will be very strong, favoring free and unlimited immediate and independent coinage of silver at the ratio of 16 to 1. The free silver delegates will include 1,500 of the 1,747 delegates, the majority of the gold standard element coming from Indianapolis.

There is a long list of candidates for the various offices, the prospects being that B. F. Shively of South Bend will be nominated for governor. The free silver executive committee has made all the arrangements for the convention. R. C. Bell of Fort Wayne will be chairman, and Dan McDonald of Plymouth secretary. Governor Matthews and the silver leaders have been at work on the platform. The delegation will be solid at Chicago for Matthews and free silver. The selection of delegates at large made by the governor are: Senators Turpie and Voorhees, Judge McCabe of the supreme court and G. V. Menzies of Mt. Vernon.

Wisconsin Democrats in Session.

MILWAUKEE, June 23.—The Democratic state convention is in session today. It will likely adopt a gold platform by a majority of two to one, although there are many delegates who favor silence on the subject and still more who want a silver plank. General Edward S. Bragg and Senator Vilas will be two of the delegates at large.

BRITISH OFFICIAL ARRESTED.

Venezuelans Make the Situation With Great Britain More Acute.

GEORGETOWN, British Guiana, June 23.—Mr. Harrison, the official who was in charge of the laborers who were opening a road from the Barima to the Cuyuni river within the Schomburgk line, when they were stopped by a force of armed Venezuelans on June 15, has been arrested by the Venezuelans and carried to the Venezuelan station opposite Uruan, the Venezuelans claiming the right to arrest foreigners on the left bank of the Cuyuni.

The arrest of Mr. Harrison has aroused the colony of British Guiana, and the population demands that Great Britain take immediate and decisive action in the case. When the Venezuelans first stopped the laborers from proceeding with the work, orders were sent from Georgetown to Mr. Harrison not to offer violent resistance, but to withdraw under protest.

A Washington special says: No official advices have been received in diplomatic circles of the arrest of Mr. Harrison, as reported in the above dispatch. Surprise is not expressed at the fact that such difficulties may be expected so long as the boundary question remains unsettled. The affair is similar in many respects to the Uruan incident of a year ago.

TRICKED AN OFFICER.

HOW A YANKEE OUTWITTED A SUPERVISOR OF SMUGGLING.

A Convenient Snowdrift, a Runaway Horse and a Cool Nerve Did the Trick—Another Proof That the Race Is Not Always to the Swift.

The boundary line between the United States and Canada has been the scene of no end of exciting adventures, because the desire to cheat our Uncle Samuel out of his lawful tariff dues is something that seems to be deeply rooted in the human breast. There are professional smugglers, but the larger per cent, I imagine, are those who, being on the Canadian side of the line and finding goods very cheap, cannot resist the temptation to try to get them across.

Between Maine and the British possessions is an enormously long stretch of boundary line, and patrolling it is entirely out of the question, but still, with all their slips the customs officers do occasionally get hold of a clew and run it to the ground—sometimes with results that are not so pleasant. This was the case with the officer whose story I am about to tell. At just what part of Uncle Sam's farm line it occurred need not be told. The story starts upon the Canadian side at a secluded spot in the woods, where a man, a horse sled with an enormously big box upon it, a good horse and a trunk filled with valuable articles make a break for the American side of the line. In some way an officer has got wind of the attempted smuggling, and with a still better horse he starts at full speed after the mysterious trunk and the driver of the horse sled.

It was not until some distance across the line upon the American side that the driver of the horse sled discovered that he was pursued.

Far back on a distant hill he saw a team coming at full speed, and knew its meaning. He got up steam on his own craft immediately, and the old sled slid into and out of "thank ye marns" in a way to make one's hair rise, but the driver knew very well that he could not escape being overtaken. He only desired to get over the next hilltop and out of sight for a moment. When over the brow of the hill, he suddenly pulled up, took the trunk up in his arms, climbed on top of the enormous box or sled, and holding the trunk as high as he could over the side dropped it into a big snowdrift, where it sank completely out of sight. Then the race began again.

Back at the summit of the last hill appeared the customs officer in hot pursuit, and now he yelled to the man ahead to stop, but that individual appeared singularly deaf and in a great hurry as well. He kept his horse at top speed, and looked neither to the right nor left.

A half mile more and the officer had drawn up close behind, when pretense of not hearing his profane calls could no longer be made. The driver of the sled gazed backward over his shoulder, and then, in apparently great surprise, he pulled up—so suddenly that the officer's foaming horse nearly plunged head foremost into the big box.

"What a what d'ye want?" drawled the man ahead.

The reply of the officer is totally unsuited for publication. "I swar to ye, I ain't got a thing here," said the driver of the horse sled.

TARIFF IS THE ISSUE.

So Visitors Say After Visiting Major McKinley.

HANNA RETURNS TO HIS HOME.

Not Decided Whether Headquarters Will Be in Cleveland or New York—Ohio Delegates Call on the Major—Michigan Editors Coming.

CANTON, O., June 23.—National Republican Chairman M. A. Hanna, Colonel Fred Grant and wife, H. Clay Evans of Tennessee and Sylvester Everett of Cleveland, speaker, of as probable treasurer of the national committee, and Colonel Myron T. Herrick, have returned to Cleveland.

Ex-National Committeeman William M. Hahn has gone home to Mansfield. Colonel William H. Osborne of Boston remains a guest at the McKinley home. Before taking the train Mr. Hanna said the committee officers had not yet been appointed. Protection he considered the greatest issue. Mr. Everett said the question of whether the national headquarters would be at Cleveland or New York had not been determined and he assumed the duties of treasurer of the national Republican committee.

H. Clay Evans said the tariff was the paramount issue for Tennesseeans. Mr. Hahn said protection was the greatest issue among the most people.

A telegram says the Michigan Republican Editorial association in convention at Jackson will call in a body on Governor McKinley tomorrow. Five hundred citizens of Muskingum county came to Canton in a special train last night, including delegations from Zanesville and Dresden. President H. B. Logan of the Zanesville Business association, State Senator Charles W. Shyrock and Congressman H. C. Van Voorhis with the party. Congressman Van Voorhis presented the delegation to Governor McKinley, who replied, making a tariff speech.

RUSSELL FAVORS WHITNEY.

His Name Will Not Go Before the Chicago Convention.

BOSTON, June 23.—Ex-Governor William E. Russell has issued a statement on his position relative to the Democratic presidential nomination.

In it he positively states that his name will not be presented to the Chicago convention; that he will go to Chicago not as a delegate, but as a citizen interested in the declaration of his party for a gold standard; and furthermore he will urge all his friends and supporters to do their utmost to secure the selection of William C. Whitney as the presidential nominee.

A SILVER GATHERING.

Thurman Element Will Control Ohio Democratic Convention.

LIKELY TO ADOPT THE UNIT RULE.

McLean, Thurman and Bookwalter Will Be Three of the Delegates-at-Large, All Free Silverites—Many Democratic State Conventions This Week.

COLUMBUS, June 23.—Delegates to the Democratic state convention are coming in today. The convention does not meet until tomorrow, all the preliminary work being done by the district delegates and committee meetings this evening. Hon. John McMahon of Dayton having declined to act as temporary chairman, the question of who will preside is being discussed, but the temporary chairman will not be known until the state central committee, which is in session, makes it public.

Dan McConville, formerly sixth auditor of the treasury, and Allen W. Thurman are the leaders of the free silverites, who will have a big majority in the convention. McConville claims there are 526 delegates pledged to vote for a free silver plank in the platform and 82 pledged to the gold standard, while 65 are doubtful. The gold standard men only claim 100 to 150 delegates.

The majority of the free silver men is so great that the convention will probably adopt the unit rule. The delegates-at-large to the national convention at Chicago will all be pronounced free silver men of national repute. It is conceded that John R. McLean of Cincinnati, Allen W. Thurman of Columbus and J. W. Bookwalter of Springfield will be three of the delegates-at-large. The contest for the fourth place is said to lay between L. E. Holden of Cleveland, E. B. Finley of Bucyrus and Judge E. J. Blandin of Cleveland. There is a scarcity of candidates for places on the state ticket, and it is probable there will be some new names on it. A. A. Brown, a young attorney of Cincinnati, seems to be the choice of the free silver men for secretary of state.

WON'T TAKE UP TELLER.

Illinois Democrats Will Not Instruct the Delegates to Chicago.

PEORIA, Ill., June 23.—There has been no slate made for the state ticket to be nominated here today at the Democratic state convention. Governor Altgeld and Chairman Hinrichsen say it is not a slate-making machine.

Chairman Hinrichsen said that he did not believe the delegates-at-large to the Chicago convention would be instructed. "Had Colonel W. R. Morrison remained in the field," he went on to say, "he could have had the delegation instructed for him without trouble. As it is I am confident the Illinois delegation will go into the national convention uninstructed. There has been talk of instructing the delegates-at-large of Boies of Iowa, Bland of Missouri, and Governor Stone of Missouri has also been mentioned, but so much has been said about them it seems to me that it would be unwise to instruct."

As to the probability of taking up Senator Teller as a presidential candidate neither the governor nor the secretary of state thought it possible. Governor Altgeld will be renominated.

Iowa and Missouri delegations are here working in the interest of Boies and Eldred. Referring to Mr. Whitney's statement that he believed the gold men would control at Chicago, Governor Altgeld said to a number of delegates: "If the gold men control they will do so by the use of arguments that have a ring to them and a clink as they pass from hand to hand and pocket."

WHITNEY URGED TO ACCEPT.

He Refuses to Be a National Delegate, Convention Tomorrow.

ALBANY, June 23.—Chairman Hinckley of the state Democratic committee and William C. Whitney were guests of Senator Hill at dinner last night. Senator Hill said he had nothing to give out for publication, and added:

"We have had a little informal talk, but have decided upon nothing. We would like Mr. Whitney to go as a delegate-at-large to the Chicago convention, but the vacancy for which he would name him still exists."

Mr. Whitney said: "I shall go to Chicago and expect to be at the Auditorium shortly after July 1. I repeat, however, that I will not go either as a delegate-at-large or as a district delegate, but simply as a plain citizen. Yes, we have talked over the financial plank, but we have not yet prepared a draft of it. I do not anticipate any very great opposition from silver people in the state convention."

Another conference will be held at Senator Hill's house today. The names of William R. Grace and Francis Scott are mentioned for the fourth delegate-at-large. Wilson S. Bissell of Buffalo is also mentioned. The other delegates-at-large will be Senators Hill and Murphy and ex-Governor Flower. The convention will be held tomorrow.

BLAND OR TELLER.

Texas Democratic Silver Convention Will Endorse One or the Other.

AUSTIN, June 23.—There is quite an inpour of delegates to the two Democratic state conventions which meet here today.

The silver men have about decided to send eight delegates to Chicago in order to harmonize their factions. If only the four there will not be room on the list for all aspirants, and for that reason, eight will be sent. This number will include Hogg, Culberson, Reagan, Blake, Duncan, Bailey and Chilton.

The fight over Bailey, which was waged so bitterly by those on the ground has about blown over, and he will be put on the list to pacify his friends. There is some intimation that the convention will endorse Bland for president, though some of the members are talking of an endorsement of Teller.

TARIFF IS THE ISSUE.

So Visitors Say After Visiting Major McKinley.

HANNA RETURNS TO HIS HOME.

Not Decided Whether Headquarters Will Be in Cleveland or New York—Ohio delegations call on the Major—Michigan Editors Coming.

CANTON, O., June 23.—National Republican Chairman M. A. Hanna, Colonel Fred Grant and wife, H. Clay Evans of Tennessee and Sylvester Everett of Cleveland, speaker of as probable treasurer of the national committee, and Colonel Myron T. Herrick, have returned to Cleveland.

Ex-National Committeeman William M. Hahn has gone home to Mansfield. Colonel William H. Osborne of Boston remains a guest at the McKinley home. Before taking the train Mr. Hanna said the committee officers had not yet been appointed. Protection he considered the greatest issue. Mr. Everett said the question of whether the national headquarters would be at Cleveland or New York had not been determined and he declined to discuss the probability of his assuming the duties of treasurer of the national Republican committee.

H. Clay Evans said the tariff was the paramount issue for Tennesseeans. Mr. Hahn said protection was the greatest issue among the most people. A telegram says the Michigan Republican Editorial association in convention at Jackson will call in a body on Governor McKinley tomorrow.

Five hundred citizens of Muskingum county came to Canton in a special train last night, including delegations from Zanesville and Dresden. President H. B. Logan of the Zanesville Business association, State Senator Charles W. Shryock and Congressman H. C. Van Voorhis were with the party. Congressman Van Voorhis presented the delegation to Governor McKinley, who replied, making a tariff speech.

RUSSELL FAVORS WHITNEY.

His Name Will Not Go Before the Chicago Convention.

BOSTON, June 23.—Ex-Governor William E. Russell has issued a statement on his position relative to the Democratic presidential nomination. In it he positively states that his name will not be presented to the Chicago convention; that he will go to Chicago not as a delegate, but as a citizen interested in the declaration of his party for a gold standard; and further, more he will urge all his friends and supporters to do their utmost to secure the selection of William C. Whitney as the presidential nominee.

OVER 30,000 PERISHED.

The Japanese Earthquake Much Worse Than First Reported.

WASHINGTON, June 23.—The first official report that has reached Washington of the great Japanese earthquake and tidal wave has come to the state department from Mr. Herod, secretary of our legation at Tokio, in the following brief cablegram, which, however, makes the calamity out to be much worse than heretofore reported. "Deaths caused by tidal wave estimated at over 30,000 in reports to date. No mortality among Americans."

Business Suspended to Hunt Murderers.

PLAQUEMINE, La., June 23.—At Bayou Gula Mrs. Landry, a widow, was stabbed through the throat and killed, and Miss Madeline Hebert, her adopted daughter, received two gashes across the face at the hands of unknown persons. Business was suspended and a search is being made for the murderers.

DETROIT TO CELEBRATE.

A Big Event July 11 to Commemorate the British Evacuation.

DETROIT, June 23.—Detroit will celebrate the anniversary of the evacuation of Detroit by the British July 11 in a manner befitting the historic character of the event. The success of the celebration was assured at a general meeting of all the committees assigned to prepare for the celebration. General Russell A. Alger presided.

The reports submitted showed systematic progress in all departments. Don M. Dickinson announced having secured the consent of the secretaries of war and the navy to permit the troops in this vicinity, and the United States steamer Michigan and crew, and the Michigan naval reserves to participate.

Governor O'Ferrall of Virginia will deliver the oration of the day, and a party of distinguished eastern guests will come together from Washington to attend the ceremonies.

Blacklisted Men Will Sue.

CHICAGO, June 23.—Eighty railroad workmen have made affidavits and turned evidence in their possession into hands of attorneys, and tomorrow suits aggregating hundreds of thousands of dollars for damages will be filed in the circuit and superior courts against almost every railway corporation having terminals or offices in Chicago. The railroad men assert they were blacklisted.

True Bills Against Jameson.

LONDON, June 23.—The grand jury has found true bills against Dr. Leander Starr Jameson, Major Sir John Willoughby, Colonel R. G. Gray, Major R. White, Colonel H. F. White and the Hon. Henry F. A SILVER GATHERING.

Thurman Element Will Control Ohio Democratic Convention.

LIKELY TO ADOPT THE UNIT RULE.

McLean, Thurman and Bookwalter Will Be Three of the Delegates-at-Large, All Free Silverites—Many Democratic State Conventions This Week.

COLUMBUS, June 23.—Delegates to the Democratic state convention are coming in today. The convention does not meet until tomorrow, all the preliminary work being done by the district delegates and committee meetings this evening. Hon. John McMahon of Dayton having declined to act as temporary chairman, the question of who will preside is being discussed, but the temporary chairman will not be known until the state central committee, which is in session, makes it public.

Dan McConville, formerly sixth auditor of the treasury, and Allen W. Thurman are the leaders of the free silverites, who will have a big majority in the convention. McConville claims there are 526 delegates pledged to vote for a free silver plank in the platform and 82 pledged to the gold standard, while 65 are doubtful. The gold standard men only claim 100 to 125 delegates.

The majority of the free silver men is so great that the convention will probably adopt the unit rule. The delegates-at-large to the national convention at Chicago will all be pronounced free silver men of national repute. It is conceded that John R. McLean of Cincinnati, Allen W. Thurman of Columbus and J. W. Bookwalter of Springfield will be three of the delegates-at-large. The contest for the fourth place is said to lay between L. E. Holden of Cleveland, E. B. Finley of Bucyrus and Judge E. J. Blandin of Cleveland. There is a scarcity of candidates for places on the state ticket, and it is probable there will be some new names on it. A. A. Brown, a young attorney of Cincinnati, seems to be the choice of the free silver men for secretary of state.

WON'T TAKE UP TELLER.

Illinois Democrats Will Not Instruct the Delegates to Chicago.

PEORIA, Ill., June 23.—There has been no slate made for the state ticket to be nominated here today at the Democratic state convention. Governor Altgeld and Chairman Hinrichsen say it is not a slate-making machine.

Chairman Hinrichsen said that he did not believe the delegates-at-large to the Chicago convention would be instructed. "Had Colonel W. R. Morrison remained in the field," he went on to say, "he could have had the delegation instructed for him without trouble. As it is I am confident the Illinois delegation will go into the national convention uninstructed. There has been talk of instructing the delegates-at-large for Boies of Iowa, Bland of Missouri, and Governor Stone of Missouri has also been mentioned, but so much has been said about them it seems to me that it would be unwise to instruct."

As to the probability of taking up Senator Teller as a presidential candidate neither the governor nor the secretary of state thought it possible. Governor Altgeld will be renominated.

Iowa and Missouri delegations are here working in the interest of Boies and Bland.

Referring to Mr. Whitney's statement that he believed the gold men would control at Chicago, Governor Altgeld said to a number of delegates: "If the gold men control they will do so by the use of arguments that have a ring to them and a clink as they pass from hand to hand and pocket."

WHITNEY URGED TO ACCEPT.

He Refuses to Be a National Delegate, Convention Tomorrow.

ALBANY, June 23.—Chairman Hinckley of the state Democratic committee and William C. Whitney were guests of Senator Hill at dinner last night. Senator Hill said he had nothing to give out for publication, and added: "We have had a little informal talk, but have decided upon nothing. We would like Mr. Whitney to go as a delegate-at-large to the Chicago convention, but the vacancy for which he would name him still exists."

Mr. Whitney said: "I shall go to Chicago and expect to be at the Auditorium shortly after July 1. I repeat, however, that I will not go either as a delegate-at-large or as a district delegate, but simply as a plain citizen. Yes, but we have not yet prepared a draft of it. I do not anticipate any very great opposition from silver people in the state convention."

Another conference will be held at Senator Hill's house today. The names of William R. Grace and Francis Scott are mentioned for the fourth delegate-at-large. Wilson S. Bissell of Buffalo is also mentioned. The other delegates-at-large will be Senators Hill and Murphy and ex-Governor Flower. The convention will be held tomorrow.

BLAND OR TELLER.

Texas Democratic Silver Convention Will Endorse One or the Other.

AUSTIN, June 23.—There is quite an inpour of delegates to the two Democratic state conventions which meet here today.

The silver men have about decided to send eight delegates to Chicago in order to harmonize their factions. If only four go there will not be room on the list for all aspirants, and for that reason, eight will be sent. This number will include Hogg, Culberson, Reagan, Blake, Duncan, Bailey and Chilton.

The fight over Bailey, which was waged so bitterly by those on the ground has about blown over, and he will be put on the list to pacify his friends. There is some intimation that the convention will endorse Bland for president, though some of the members are talking of an endorsement of Teller.

The Liverpool Boys Will Soon
be Marching

FOR MCKINLEY AND HOBART

They Want to Organize a Permanent Club
Auxiliary to the McKinley Club of This
City—It Will be a Leader, and Will be
Widely Known.

Although the project is yet in its infancy, there is no doubt in the minds of the knowing ones that the city will have a marching club before the campaign is over. Of course it will be a McKinley club, and it is thought the membership will number more than any similar organization the city ever had. Those desiring to join the organization need not become members of the permanent club if they have no wish to identify themselves with it. It is the purpose of the leaders of the movement to have the club known throughout this part of the world, and to that end it will attend Republican meetings in the territory bounded by Cleveland, Pittsburgh and Wheeling. West Virginia will be fertile soil for these enthusiastic friends of the next president, and much good can be accomplished there. The few who have interested themselves in the matter are anxious to see it go with a rush, and will soon have all their arrangements completed.

In speaking of the proposed organization, a well-known Republican remarked: "We ought to go to Canton and see Major McKinley. He would throw open his house to East Liverpool, for he has a warm spot in his heart for the people who always stood by him. Thousands who do not know him as well as the Liverpool people have been there, and he has received them graciously. What would he not do for us? A cheap rate could easily be obtained, and I believe several thousand people from this place would go to Canton if there was a movement to bring them together. Of course we celebrated when the news of the nomination came, and the governor heard about it, but he would be pleased beyond measure if we went to see him."

A leading member of the club in discussing the Canton trip remarked that he was about disgusted with trips. He had had enough of it, and unless it gave promise of being a complete and flaming success he would have nothing to do with it.

A BROKEN CONTRACT

Takes the Cherry Valley Iron Company
Into Court.

LISBON, June 23.—[Special.]—Daniel Artvinger and John Ginter today brought suit against the Cherry Valley Iron company, of Leetonia, asking that certain leases of coal lands be annulled. Ten years ago the plaintiffs leased this property, and received 10 cents for every ton mined. Two years ago the iron company ceased paying, and no money has been paid by them since that time.

The jury in the case of Goddard, Hill & Co., against M. O. Lodge, went out at noon today. The suit is to determine the ownership of the jewelry establishment of W. J. McKinney, East Liverpool. Ten years ago McKinney moved to Liverpool from Cadiz, where he had failed in business, the stock being bought by his father-in-law, and by him transferred to Mrs. McKinney. Two years ago Goddard, Hill & Co. took the place for a debt of \$1700, and six months later it was closed by Sheriff Lodge, to satisfy a judgment held by George B. Bartlett & Co., jewelers, of Pittsburgh. In three weeks the plaintiff repaid it, and sued for \$300 damages. The case was carried up, and today the jury gave a verdict for \$50 to Goddard, Hill & Co.

The case which Fred Bostwick, of East Liverpool, filed against the General Electric company a year ago in which he asked \$300 for the sale of a dynamo, was withdrawn today, and entered in the courts of Denver, Col., where the plaintiff now resides.

James Stackhouse and Miss Carrie Edwards, both of this place, were licensed to marry this morning.

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes, August 10, 1891: "Foley's Kidney cure is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health, and Foley's Kidney cure has made it such. I had suffered 27 years with the disease, and today I feel 10 years younger than I did one year ago. I can obtain some wonderful certificates of its medical qualities."

THREE PLAIN DRUNKS

The Police Caught Them on
the Streets.

ONE FORGOT HIS OWN NAME

And Had Not Remembered It When Arraigned This Morning—Hamlet Bourne Paid for His Fun—James Penny Was Released When Sobered.

For some reason which does not appear on the surface, the police had a trio of drunks to care for last night.

Hamlet Bourne led off. He was arrested on Second street by Officer Jennings, and soon afterward placed behind the bars. Hamlet had lingered over the schooner when it was large, and this morning paid \$2 and costs for the amusement.

Officer Whan arrested an unknown about the same time. He was so drunk that his powers of locomotion were greatly impaired. The patrol took him to city hall, and during the night he reposed on one of the handsome mahogany beds. This morning he had not recalled his name when taken out for a hearing, and was returned to his private apartments to sober up.

James Penny, a well known turner, whose worst enemy is his love for liquor, was arrested by Chief Johnson, and locked up for the night. He was drunk and shouting when taken down. The man was released this morning.

Steering clear of the shoals of ill health and the rocks of disease is easy enough if only the digestion be kept in good order. It isn't often any one is sick unless they have indigestion. The commonest way in which indigestion shows itself is in constipation. Nine people in ten are troubled more or less in this way.

Nine-tenths of all the world's sickness is caused by this one trouble. Sleeplessness, pimples, blotches, headaches, sour stomach, dizziness, "heart-burn," palpitation, biliousness, distress after eating—all these are merely symptoms of constipation. Why do people suffer with them when the cure is so simple and so easily obtained? Years ago, Dr. Pierce's Pleasant Pellets were placed on the market. Since then, there has been no excuse for anybody to suffer from constipation, and its attendant ills. The "Pellets" cure every case infallibly and permanently. They are very small, easy to take, gentle and quick in action. They are not at all violent; they do not disturb the system. They cure you so you stay cured. Thousands of women will find if they take the "Pleasant Pellets" that their ills will vanish with the constipation.

SPORTING NOTES.

The Phoenix Club Will Play the Columbians.

The Phoenix club members are willing to be sacrificed, and would like to play any social club in the county a game of baseball. The boys will also accept the challenge of the Columbian club of last evening, and will meet them at any time or place.

The Our Boys will play ball at Salineville on Saturday, and at Freedom, Pa., July 11.

The Tombstones are still hunting for a game, but have not as yet found any team willing to play them.

Sporting Life says: "The four greatest outfielders the game ever produced were Dicky Johnson, Jimmy Fogarty, Curt Welch and McAleer. Only the latter is now in harness."

Mercer pitched another 11-inning game yesterday, holding the Bostonians down to six scattering hits, and winning his game by a score of 4 to 3.

The Arcades, recently organized, desire, through their manager, William Hanselman, to challenge any 18-year-old team in the city for a game.

Arrangements are being made to reorganize the old Eclipse team at the end of the league season to play a series of games with the Pittsburg and Cleveland league teams. The lineup of the Eclipse will be as follows: Shaw, Allen and Westlake, catchers; Mercer, Daniels and Coyle, pitchers; Cargo, shortstop; G. Carey, first base; Padden, second base; Darrah, third base; Hobright, left field; Grove, center field, and one of the catchers right field.

ANOTHER BILL TO PAY

Council Will be Asked for Big Damages.

BECAUSE OF MRS. HAYES' DEATH

She Left Six Children Motherless, and it is on Their Behalf the Claim Will be Presented—If Not Settled the Case Goes to Court.

The tragic happening of circus day was recalled this afternoon by the announcement that the city would be asked to pay for the death of Mrs. William Hayes.

It will be remembered that the lady was knocked down by a team of the city's horses which were in charge of Thomas Bryan. The driver had been warned to get his team away from the line of march, but drove them into Washington street near Fourth. The death of Mrs. Hayes left six children without a mother, and it is on their behalf the claim will be made. It was learned today that the administrator will, in the near future, present a bill to council. If a settlement cannot be reached, then the case will go to court without delay. The amount to be asked has not yet been determined, but it is said that it will be large. The grounds upon which the claim will be based is the negligence of an employee of the city. Friends of the deceased are anxious to have the matter settled as soon as possible, and no time will be lost in getting the bill before council.

ANOTHER BILL TO PAY

Council Will be Asked for Big Damages.

BECAUSE OF MRS. HAYES' DEATH

She Left Six Children Motherless, and it is on Their Behalf the Claim Will be Presented—If Not Settled the Case Goes to Court.

The tragic happening of circus day was recalled this afternoon by the announcement that the city would be asked to pay for the death of Mrs. William Hayes.

It will be remembered that the lady was knocked down by a team of the city's horses which were in charge of Thomas Bryan. The driver had been warned to get his team away from the line of march, but drove them into Washington street near Fourth. The death of Mrs. Hayes left six children without a mother, and it is on their behalf the claim will be made. It was learned today that the administrator will, in the near future, present a bill to council. If a settlement cannot be reached, then the case will go to court without delay. The amount to be asked has not yet been determined, but it is said that it will be large. The grounds upon which the claim will be based is the negligence of an employe of the city. Friends of the deceased are anxious to have the matter settled as soon as possible, and no time will be lost in getting the bill before council.

For a Limited Time!

Fifty Per Cent Off the Regular Price
Of Every \$30 and Upward CHAMBER SUIT
In HARD'S BIG STORE.

The Cause:

During the past three weeks we have had the biggest trade on Chamber Suits in our entire career, but the demand has been for our cheaper grades. These are almost exhausted, and the query is: "WHAT'LL WE DO NEXT?" Here's what we'll do.

Commencing Tuesday, June 23, and continuing until two-thirds are sold, we will offer any Chamber Suit, regular price \$30 and upward,

FOR JUST HALF
THE MARKED PRICE;

1-2 OFF.

The Effect:

Nearly half a hundred CHAMBER SUITS, 48 by actual count, embracing all the desirable woods and finishes, Oak, Birch, Mahogany, Walnut, White Enamelled, in Square, Oval Pattern, Upright and Round Mirror Styles, all worth from \$30 upward, for just one-half the plainly marked price.

SELECT ANY SUIT YOU WANT

AND PAY ONE-HALF THE MARKED PRICE.

SUITS MARKED \$	30.00	DEDUCT ONE-HALF AND PAY ONLY	\$15.00
"	40.00	"	20.00
"	60.00	"	30.00
"	80.00	"	40.00
"	100.00	"	50.00
"	130.00	"	65.00

ALWAYS PAY JUST ONE-HALF what the ticket says, and the ticket always says less than the corresponding quality can be purchased for elsewhere.
